Turning Sustainability into Tangible Value

gruppo ecosistem

a SUEZ company

Gruppo Ecosistem - a SUEZ company: efficiency, compliance, sustainability.

Who We Are
We provide integrated solutions for logistics, waste management and water management through our companies Ecosistem, Econet and Ecotec.

Our Identity
Since May 2025, we have been part of SUEZ. This integration strengthens our expertise, expands our growth opportunities and reinforces our ability to deliver innovative, sustainable solutions.

Our Strength
With 400 employees, 8 operational sites and 35 waste management and treatment lines, we offer an integrated portfolio of facilities, technologies and services covering the entire environmental management cycle.

	Environmental Treatments and Services	Reference Company		
WASTE TREATMENT AND RECOVERY CAPABILITIES	Biodrying of Organic Waste	ecosistem		
	Preliminary Storage, Waste Grouping and Storage Pending Recovery	ecosistem	econet	
	Blending of Hazardous and Non-Hazardous Waste		econet	
	Volume Reduction of Solid Waste for Incineration or Energy Recovery	ecosistem	econet	
	Compaction and Wrapping of Waste Residues Destined for Energy Recovery	ecosistem		
	Production of Solid Recovered Fuel (SRF)	ecosistem		
	Production of End-of-Waste Materials from Plastic Waste	ecosistem		
	Recovery of Hazardous and Non-Hazardous Combustion Residues		econet	
	Washing Hazardous Combustion Residues for Recycled Aggregates for Industrial Applications		econet	
	Soil Washing of Soil and Inert Waste	ecosistem		
	Stabilisation of Solid Waste, Sludges and Flue Gas Treatment Ashes	ecosistem	econet	
	Physico-Chemical and Biological Treatment of Hazardous and Non-Hazardous Liquid Waste		econet	
	Physico-Chemical Treatment of Hazardous and Non-Hazardous Liquid Waste	ecosistem		
	Production of Recycled Aggregates for Construction	ecosistem		
	Metal and WEEE Treatment	ecosistem		
	Treatment of Oily Emulsions		econet	
	Ultrafiltration and Reverse Osmosis Treatment of Liquid Waste		econet	
	Evaporation Treatment of Liquid Waste		econet	
	Evaporation and Concentration of Hazardous Liquid Waste		econet	
ENVIRONMENTAL SERVICES	Decontamination of Packaging, Containers and Road Tankers		econet	
	Tank Decontamination	ecosistem		
	Remediation of Contaminated Sites (Category 9B, Category 10A)	ecosistem		
	Environmental Consultancy	ecosistem	econet	
	Design and Construction of Liquid Waste Treatment Plants			ecotec
	Management and Optimisation of Water Distribution Networks			ecotec
	Waste Brokerage	ecosistem	econet	ecotec
	Metal Fabrication			ecotec
	Renewable Energy Generation	ecosistem	econet	
	Design, Construction and Operation of Wastewater Treatment Plants			ecotec
	Waste Collection and Transportation	ecosistem		
	Water Leak Detection Using Advanced Acoustic Technologies and Methods			ecotec
	Repair and Maintenance of Electromechanical Equipment			ecotec

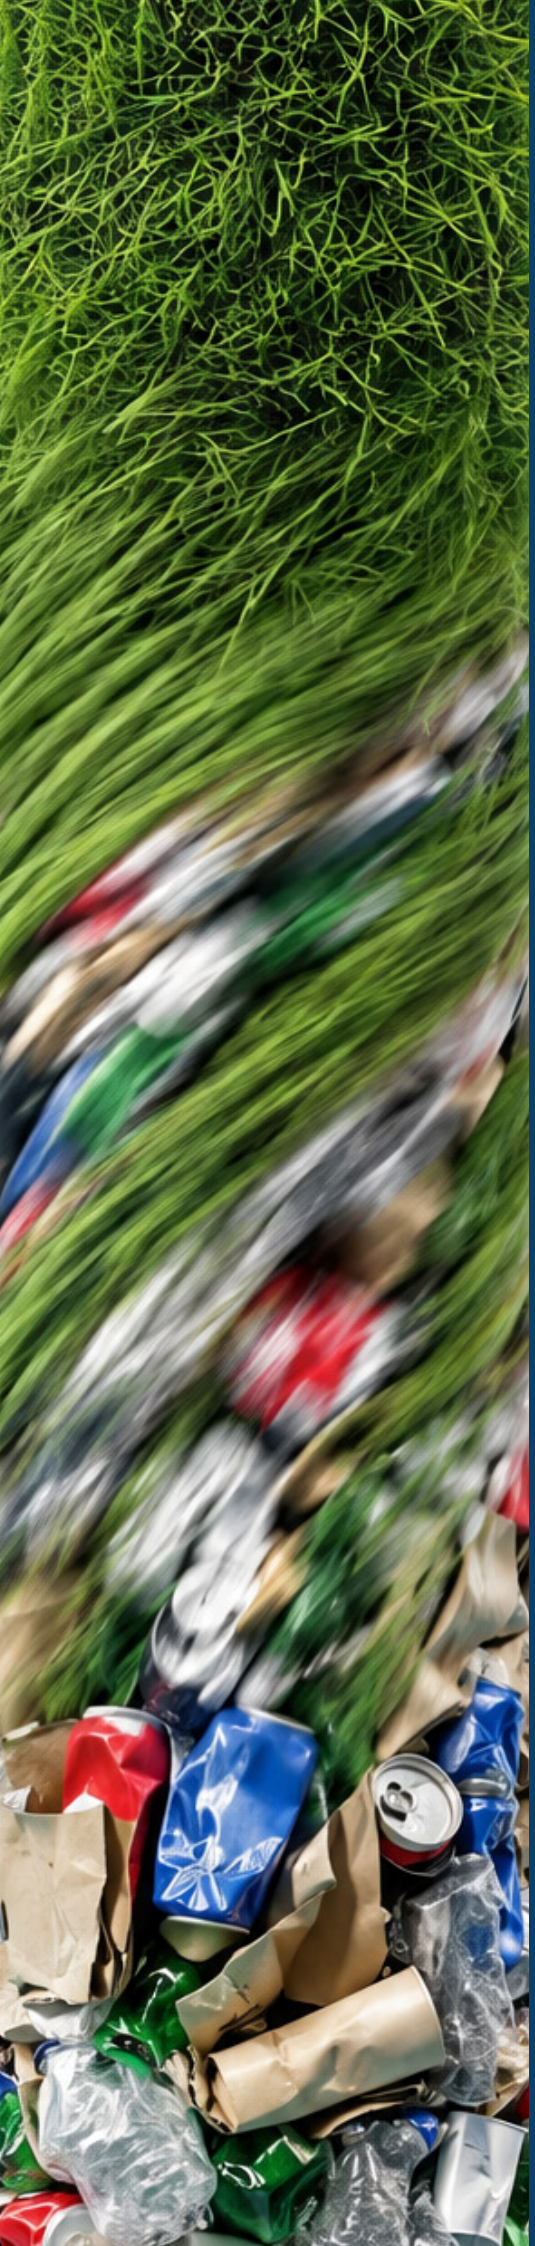

Why choose us?

- Integrated expertise in environmental services, technology and water resource management;
- Extensive local presence and in-depth knowledge of the areas we serve;
- A strong safety culture embedded in our everyday operations;
- An industrial approach focused on the circular economy;
- Innovation and quality in everything we do for our customers.

- OUR MISSION -

To deliver **innovative, environmentally sustainable** services with **future generations** in mind.
